[ ] advises that the meeting on Subject on 19 February 1982 produced no tangible results. The NSC rep was unable to answer the many questions asked by the participants, except to say the control of NSC information should be structured so as not to create additional work. This appears to be impossible, so there will be another meeting.

[ ] does not seem to buy the rationale that SECOM and OS are splitting the action on NSDD #19. He commented that "Harry sent up a separate package, so I checked to be sure it had been coordinated with SECOM." [ ] says he has no problem with OS attending the meetings on NSDD #19, but he hopes nobody thinks CIA is stacking the Committee.

NATIONAL SECURITY COUNCIL  
WASHINGTON, D.C. 20508

February 17, 1982

Executive Registry  
82-42985

MEMORANDUM FOR:

SEE ATTACHED LIST

DD/A Registry  
82-0162/4

SUBJECT: The Implementation of NSDD 19

In a memorandum dated February 2, 1982, to give effect to NSDD 19, Judge Clark outlined new procedures for safeguarding National Security Council information. He also asked department and agency heads to provide the NSC by March 15 their instructions for implementing those procedures. I believe it would be useful to have a meeting in order to discuss this task, to learn what additional guidance, if any, you need, and to ensure that departments' and agencies' instructions will be reasonably similar as well as, of course, effective.

Please call my office (395-3044) with the name of the representative from your department/agency who will be attending this meeting which is scheduled for Friday, February 19, at 2:30 p.m. in Room 305 of the Old Executive Office Building.
